

# King County Reengagement System Quarterly Report

## THANK YOU

Summer Quarter  
July 1, 2017 - September 30, 2017

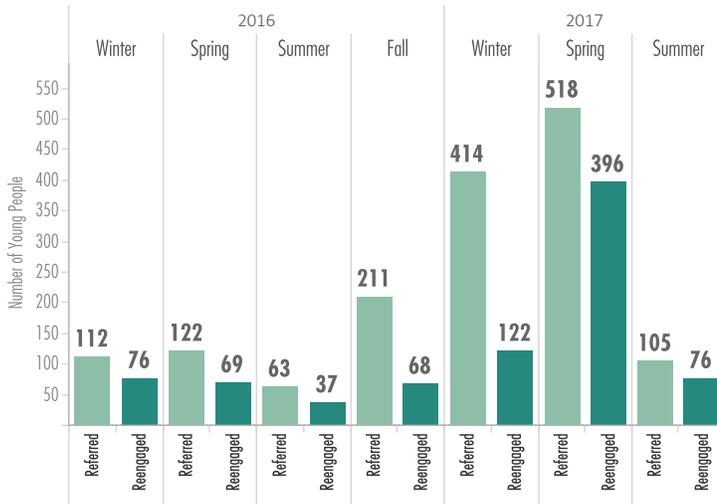

Compiling quarterly data allows us to collectively track progress and identify resources the system needs to better serve young people. This data effort began January 2016 with collaboration from the King County Reengagement Provider Network. The goal is to understand regional capacity and student outcomes across programs as they reconnect our region's disconnected young people to education and support their progress toward secondary and postsecondary credentials and career attainment. This data is a starting point for ongoing conversations around progress and action. In this report you'll find overall outcomes across participating programs.

Please contact Hanne Makhani if you have any questions, concerns or ideas for this report: [Hannelore.makhani@kingcounty.gov](mailto:Hannelore.makhani@kingcounty.gov).

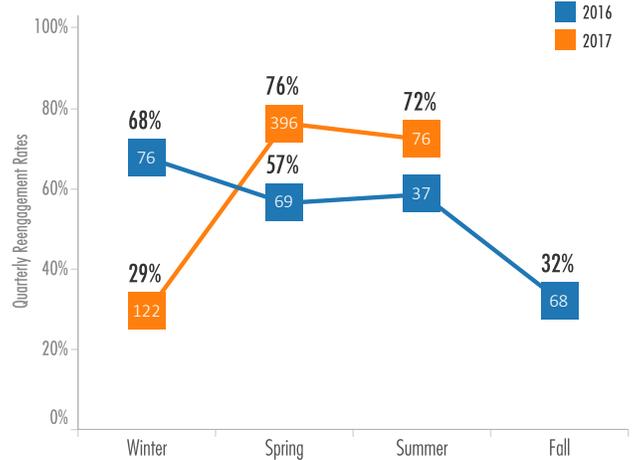

# OUTREACH HIGHLIGHTS

King County Reconnect to Opportunity (ReOpp) helps young people reengage in a best-fit education program or employment. During the 2017 Summer quarter, 72% of referred youth reengaged! As shown in the figures below, this quarter ReOpp worked with 105 youth and 76 of referred youth were formally enrolled in a King County reengagement program or employment.

## Number of Students Referred and Reengaged by Quarter

## Reengagement Rate by Quarter

## Summer 2017 Demographics and Reengagement Outcomes

What do we know about the 105 youth referred to ReOpp during this quarter and what percent reengaged by race and gender?

**KEY**

- Referred: Went through the intake process
- Linked: Went through intake and actively considering a program
- Reengaged: Confirmed enrollment in a program

	Referred	Number Linked	Reengaged	% Reengaged	
Current Quarter Total	105	101	76	72%	72%
Alaska Native/American Indian	6	6	6	100%	100%
Asian	4	4	4	100%	100%
Black/African American	25	24	21	84%	84%
Native Hawaiian/Pacific Islander	9	9	7	78%	78%
Multiracial	17	15	13	76%	76%
Hispanic/Latino	15	15	11	73%	73%
White	14	14	8	57%	57%
Prefer Not to Answer (Race)	15	14	6	40%	40%
Male	64	62	48	75%	75%
Female	41	39	28	68%	68%

## Program Placements

In the None quarter ReOpp reengaged youth at 27 different programs across King County. Programs that received 5 or more youth this quarter from ReOpp include:

- iGrad • YouthSource • High School 21+ Green River College • Learning Center North - Shoreline • YouthBuild • Bridge to Prosperity • Career Link • Eastside Reengagement • Kent Learning Center • Learning Center Seattle - Central • Shoreline CEO • Worksource (Renton) •

Open Doors Quarterly Rates of Student Billability (1 or More Months)

For students to be billable under Open Doors they must meet a combination of requirements: meeting minimum monthly attendance; having weekly program contact; and making academic progress.

## QUARTERLY DEMOGRAPHICS

Most students served in participating King County programs are students-of-color and many are low-income. These overall student demographics vary little quarter-to-quarter. Below are demographics and barriers among students enrolled in the current quarter. Keep in mind that totals vary based on data completeness across programs.

Item	Total	Number	Percent
Total Students Served	2,009	2,009	100%
White	2,012	646	32%
Hispanic/Latino	2,012	435	22%
Black/African American	2,012	367	18%
Multiracial	2,012	226	11%
Asian	2,012	126	6%
Unknown Race	2,012	101	5%
Pacific Islander	2,012	65	3%
American Indian	2,012	46	2%
Students-of-Color	1,911	1,265	66%
Male	2,012	1,001	50%
Female	2,012	973	48%
Unknown Gender	2,012	28	1%
Transgender	2,012	7	0%
Low Income	1,842	1,083	59%
Homeless or Housing Unstable	1,697	321	19%
Special Education	1,905	192	10%
English Language Learners	1,856	143	8%
JJ-involved	1,676	129	8%
Pregnant or Parenting	1,878	125	7%
Foster System Involved	1,671	48	3%

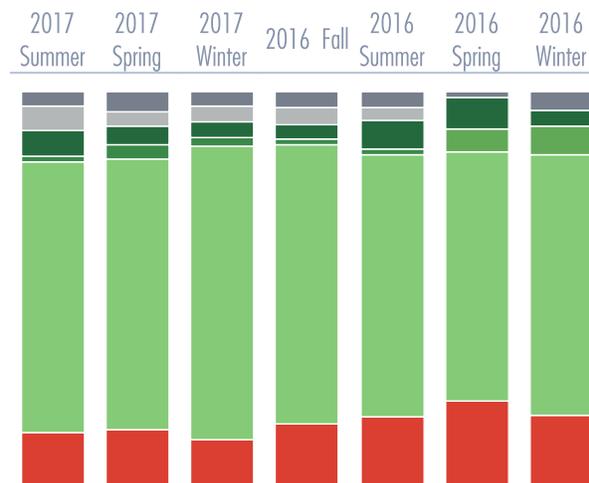

Note. King County totals vary based on data completeness across programs.

## END OF QUARTER STATUS

The following measures present a snapshot of student success quarter-to-quarter and can help answer questions like: at the end of each quarter what proportion of students were still enrolled? How many earned a credential? And of all students served in a given quarter, how many transferred to another education program and how many exited without a credential? The Quarterly Stick Rate, at the bottom of this section, shows the percentage of youth in this quarter that persisted across the quarter or exited with a credential.

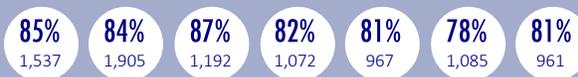

2017 Summer Quarter	Total	Number	Percent
Total Students Served	2,009	2,009	100%
Transferred to other program	2,009	72	4%
Earned credential prior quarter	2,009	123	6%
Exited with credential	2,009	132	7%
Earned credential this quarter	2,009	27	1%
Still enrolled without credential	2,009	1,378	69%
Exited without credential	2,009	280	14%

Exit Status Distribution For All Quarters

### QUARTERLY STICK RATE

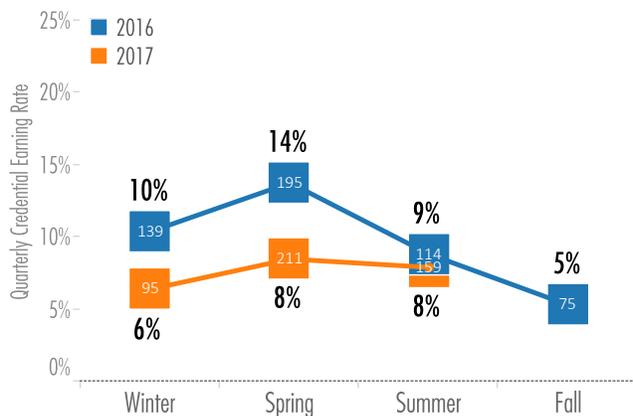

In 2017 Summer there were 1,537 students with a positive status (groups in green). To calculate the Stick Rate, divide 1,537 by the total students served 1,817, excluding students who transferred and students who earned credential before the 2017 Summer quarter (groups in grey).  $1,537 / 1,817 = 85\%$

Note: Only programs that completed this section can be included

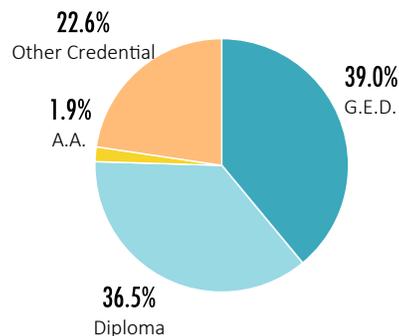

## QUARTERLY CREDENTIALS EARNED

As of the publication of this quarterly report, 988 students have earned a credential! Each quarter our region has between 100-200 students who have earned a credential –mostly GEDs and diplomas. These students, however, only make up 5-14% of all students enrolled.

Note: This measure was refined starting with the 2016 Summer Quarterly Data Request and only includes credentials earned in the current quarter.

Among students who earned a credential in 2017 Summer, most earned a G.E.D.

## CREDENTIAL EARNING BY RACE

Credential earning rates by race/ethnicity is one way to track how our region is serving youth and the extent to which we are closing gaps. For instance, Hispanic/Latino students are the 2nd largest racial demographic served by our region's programs, yet students often have the lowest rates of credential earning. Below, we see of the 435 total Latinx students enrolled in all King County Programs in the 2017 Summer quarter, only 7% earned a credential -only 30 students. Also, while the 435 Latinx students are a large population of youth served, students are a small portion of the population of credential earners. The extent to which a racial group is over or underrepresented in credential earning is shown in the last column, below.

### Credential Earning Rates by Race Over Time

	2016				2017			2017 Summer Quarter		
	Winter	Spring	Summer	Fall	Winter	Spring	Summer	Total Students Served	Credential Earners	Over or Under-repre..
White	16%	16%	11%	7%	17%	8%	10%	646	62	6%
Latinx	6%	8%	6%	3%	2%	6%	7%	435	30	-3%
Black/African American	9%	12%	9%	9%	8%	8%	8%	367	29	-1%
Multiracial	16%	18%	8%	2%	5%	9%	8%	226	19	0%
Asian	8%	11%	10%	8%	10%	15%	8%	126	10	0%
Unknown Race	0%	17%	9%	2%	12%	5%	4%	101	4	-3%
American Indian	0%	5%	9%	0%	15%	7%	20%	65	1	-3%
Pacific Islander	3%	3%	0%	0%	4%	4%	2%	46	9	3%

Programs that did not fill out this section are excluded from the table.

## POSTSECONDARY HIGHLIGHTS

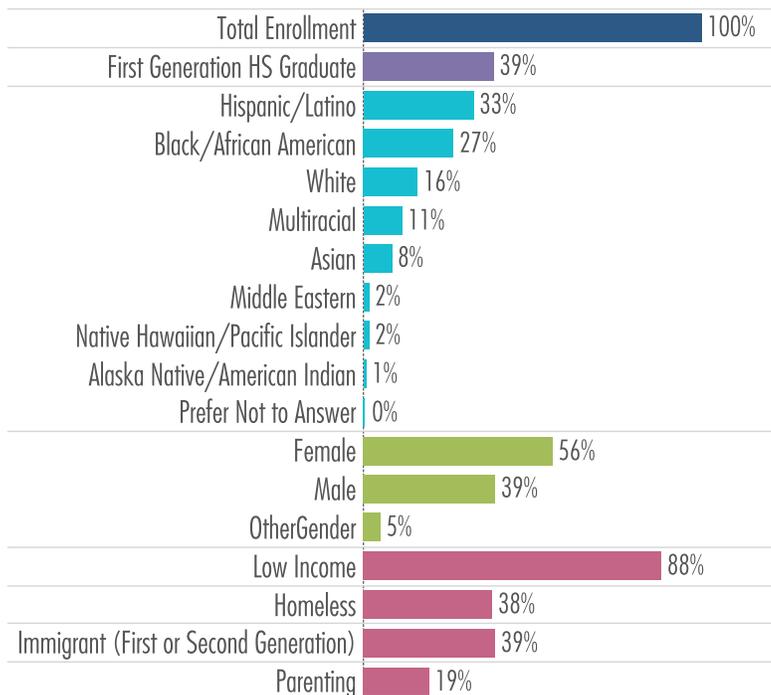

Seattle Education Access (SEA) partners with many Open Doors programs in King County to provide college and career planning and transition support to youth as they near completion of their secondary credential. The data below captures work they have been doing July 1, 2015 - September 30, 2017 with Open Doors partners in the Road Map Project region and with support from a federal Social Innovation Fund grant. Below are the demographics for the 285 students enrolled under this grant.

Of note, over half of SEA students are first generation high school graduates. During this period, of the 270 SEA High School Graduates 39% (or 104 students) were the first in their family to have graduated high school!

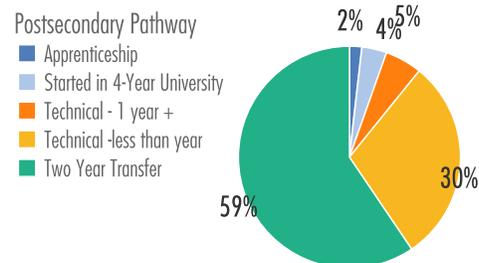

seattleeducationaccess

### SEA Demographics

Of the 285 Open Doors students receiving navigation support from SEA under this grant, 111 have since enrolled in a postsecondary pathway.

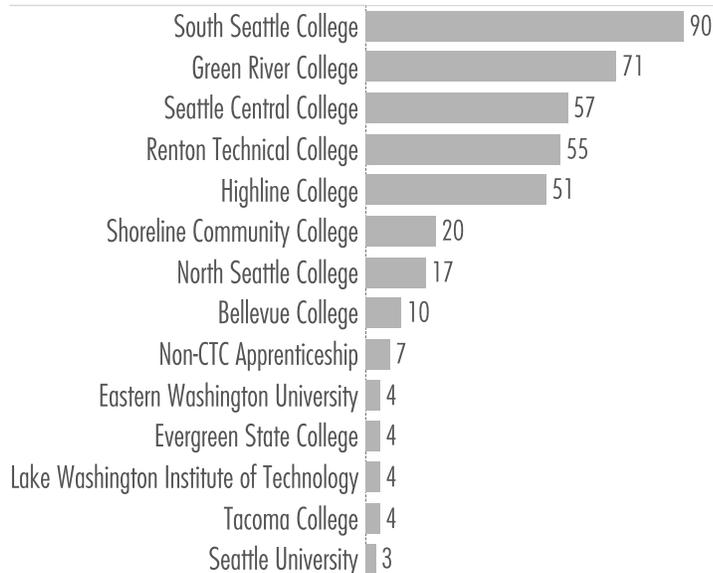

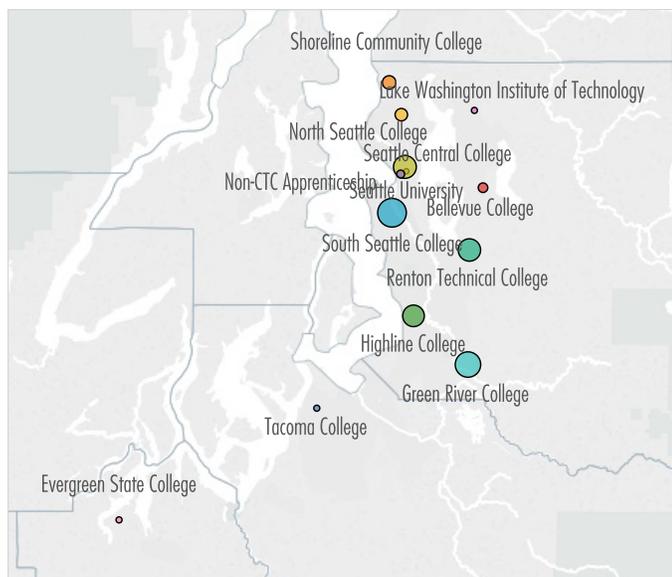

### Outcomes of the 111 Students Enrolled in Postsecondary

### 73% Postsecondary Persistence

Of the 74 students who enrolled in postsecondary in 2015, 73% (or 54 students) have since enrolled in a second year of college!

## ENROLLMENTS

Note. All data included above focus on SEA students who reengaged with secondary education in the following programs:

Career Link • YouthSource (Including HS 21+) • iGrad -GRC • Youthcare • iGrad -KSD • Federal Way Open Doors • Southwest Education Center • Green River College • Other • Highline College Sites •
